

TraderLite Trading Workstations

www.itsys.ca

The ITS TraderLite workstation is one of two trading workstations offered by ITS. It is based on a legacy CATS display for traders who prefer a keystroke-friendly trading user

ITS TraderLite benefits include:

- High Performance
- Low system footprint
- US Market Data & US Order entry capability
- Buddy Trading Capability
- Registered Trader functionality
- Auto-failover Capabilities
- Redundant Facilities for high-availability
- Sold at a price point that makes ITS workstations cost-effective as backup workstations. Backup Workstations can now CFO orders entered from another vendor's workstation.
- Ticketless trading available using **PositionWatch™**

2012 Pricing for ITS TraderLite & ITS TraderLite GUI Workstations

\$750 - 1+ workstations

\$700 - 10+ workstations

\$650 - 16+ workstations

\$150 (base price) - backup workstation

ITS SOR included in all pricing

NEW in 2012 » Real time charting and Net House summaries available

The screenshot displays the ITS TraderLite software interface. It features a complex grid of market data, including columns for stock symbols (e.g., GPR+, YRI, AEM, ABR, GPR, SLW, BEZ, HGU, HGU+, HGU, HND, HND+, HFC+, SU, TFC, COS), prices, and order entry fields. The interface is designed for high-speed trading and data analysis.

All ITS Trading Workstations are integrated with the market-leading ITS Hybrid SOR to provide high-performance trading across all Canadian marketplaces.

The screenshot shows two main windows from the ITS trading platform:

- ITS - Net House:** Displays a circular network diagram representing market connections. It shows a central node '009' connected to other nodes like '001', '002', '007', '011', '013', '015', '033', '039', '065', '072', '073', '079', '080', and '085'. Summary statistics for MFC are shown: Total Volume: 8720K, Buy Volume: 4278K, Sell Volume: 4442K.
- ITS - Charting Demo:** Shows two technical analysis charts. The top chart is for HNU, displaying RSI (14) at 61.13, SMA (10) at 4.653, and Parabolic SAR at 4.661. The bottom chart is for SLW, displaying MACD (26, 12) at 0.163, EXP (9) at 0.088, and StochRSI (14) at 81.01. Both charts include volume bars and various technical indicators.
